## SONOMA COUNTY SAUVIGNON BLANC 2017

Our Sonoma County Sauvignon Blanc is sourced from vineyards planted in mineral-rich sedimentary soils that impart distinctive flavors to the grapes. Citrus flavors of lime and grapefruit are accented by green apple and hints of herbs. The wine was fermented at cool temperatures to preserve the graceful minerality. The bright, juicy acidity is carried throughout the long, vibrant finish.

### SONOMA COUNTY

The diversity of Sonoma County is showcased in its many sub-appellations, with their own unique geography and micro-climate. The Pacific Ocean's cooling fogs play a crucial role here, where the drastic temperature changes from warm days to cool nights develop complex Sauvignon Blanc wines.
